

Fall projects 2015:

1. GFI by the flagpole.
2. Paint the door on the pump house inside and out. Patch roof too.
3. Keep the levee free of weeds, debris and trash.
4. Replace battery for the tractor and hook up charger. The tractor battery model is an energizer E4 DLTN 825 cranking amps. (~9"x20")
5. Use or donate but move the **Lifeboat**.
6. Chain the parking delineating telephone poles to the cement blocks. Need several feet of chain and 50+ lag bolts.
7. Paint the parking pole delineators white
8. Gravel the parking lot.
9. Paint south side of the Port Capitan's house.
10. Sand prime and paint the air-conditioning stand.
11. Paint the walls and ceiling in the kitchen of the clubhouse.
12. Repair siding in the southeast corner of the clubhouse with hardy plank or equivalent.
13. Redo the bathroom floors.
14. Address the ceiling fans in both bathrooms.
15. Empty, sanitize and restock the coolers.
16. 4x4 Parking curbs- repair, adjust, replace, paint and re-install.
17. Pressure wash the back deck and trash area.
18. Make or acquire box for cardboard recycling.
19. Make or arrange storage for pots and pans (large pots and pans, too.)

NEED:

1. buy chains and lags.
2. dustpans
3. plastic tubs for silverware
4. no-rinse floor cleaner.

CONTRACT?:

1. Upgrade the HVAC (may be a work in progress)
- The dredging committee needs to process the current data.
